

Whitepaper

Isengard Token (ISET)

www.isengard.market

Introduction:

As the Elrond ecosystem grows in the middle earth, Isengard intends to become known as the largest marketplace for ESDT tokens and for all living things in the Elrond Blockchain.

What is the Isengard Marketplace?

The Isengard Marketplace is the place where Orcs, Elves, Dwarves and Hobbits meet in order to exchange goods, tokens, digital art, love and life.

The Isengard Token

Earn up to 20% APR by Staking (Coming soon)

You will be able to use ISET to access the featured market which contains exclusive offers.

Owning ISET will allow you to purchase NFTs for an ABSOLUTE 0% fee. That's right. NO FEE if you're using ISET.

You will be able to join drops and raffles on Isengard Marketplace

You will be able to buy exclusive content for your profile.

We plan to list Isengard Token on the Maiar DEX so you can for example be one of the first to create a staking pool for ISET.
